

# MPRESS - SIGNAL WHITE

|  |   |
|--|---|
| Designation                              | Mpress Signal White   |
| E-number                                 | E17 108 53  |
| Power supply                             | Generates energy by pressing on the switch via an electrodynamic power generator. |
| Antenna                                  | Integrated PCB-antenna  |
| Frequency/range                          | 2,4GHz<br>Up to 15 m indoor under ideal conditions                                |
| Data speed                               | 125kbps   |
| Channels                                 | 2 with 4 active modes<br>(up/down/pressed/released)                               |
| Length of movement for energy generation | 1,8mm   |
| Required power for energy generation     | 9N at room temperature  |
| Number of cycles at 25°C (service life)  | 100 000, tested according to EN 60669/<br>VDE 0632                                |
| Operating temperature                    | -25°C to +65°C  |
| Size                                     | 84 x 84 x 14mm  |
| Weight (complete product)                | 57g   |
